10 W. Church St.
Evansville, WI 53536

Our Mailing address is:

Evansville Police Department
P.O. Box 76
Evansville, WI 53536

Winter Parking (alternate side/calendar parking} Starts November 15th.

We have recently began running a notice of the Winter Parking Ordinance in the Evansville Review to alert everyone. Winter parking is in effect November 15th through April 15th.

If you park your car on the street before midnight you should park on the side of the street that represents the date (odd or even) it will be after midnight since the ordinance is in effect from 1 am to 7am. Please review the ordinance that will continue to be posted in the Evansville Review.

Parking in City Parking Lots:

I would like remind vehicle owners that parking in the Municipal parking lots requires a valid and visible parking permit that is issued by the Evansville Police Department. Permits are available at the police department {now located at 10 West Church St.} at a cost of \$ 24.00 annually. Parking permits are to be renewed in December.

Purchasing a permit allows you to park in the Evansville Municipal parking lot designated by the permit. However, a permit does not allow you to store a vehicle in the lot. In addition to obtaining a valid permit, vehicles are to be registered and operated regularly {vehicle is to be moved within every 12 hours}. It is against city ordinance to simply buy a permit and park your vehicle in a Municipal lot, and leave it unattended or abandoned. The Evansville police will monitor this closely and vehicles simply östoredö or öabandonedö in Municipal lots will be ticketed and towed at the ownerö's expense.

If you have any questions feel free to stop in or call us at 882-2292.
